Sir

In returning the enclosures & in reply to your No 1090 Edu 11-12-2, dated 2nd August 1912 I have the honor to state that the case of this unfortunate applicant has been a hard one

2 As the poor fellow has failed thrice in his examination I find it not easy to recommend his case as strongly as otherwise I should have, for favorable consideration at the hands of the Government

3 As however the very fact that poor as he undoubtedly is he has braced himself up to undergo a trial of his fortune in England, I would recommend he be given a scholarship to enable him to obtain a diploma in Dental Surgery

4 We want a duly qualified Dental Surgeon & it may be D S Puttanna has the making of a successful Dental Surgeon in him even though he has been unlucky in securing a M B & C M , degree of the University of Madras

To

His Highness

Sri Krishnaraja Wodevar Bahadur, G C S I ,

Maharaja of Mysore

Puttanna

May it please Your Highness,

The humble Memorial of D S Puttanna, Dodballapur
most respectfully sheweth --

1 That the Memorialist graduated in Physical Science from the Bangalore Central College in the year 1904 and joined the Madras Medical College for studying for the M B & C M Degree examination, having been graciously granted a Scholarship of Rs 25 per mensem by the benign Government of Your Highness

2 He successfully went through the 5 years' course getting promotions regularly and passing the 1st, 2nd and 3rd M B & C M Degree examinations successively But having for the first time met with a reverse in the final examination owing to somewhat indifferent health, he applied himself for study with re-doubled vigour in the succeeding year and sat for the examination with full hopes of success, but to his surprise and misfortune, he was declared to have failed in "Clinical Medicine a comparatively easy subject, whilst he secured a pass in "Surgery" which proved a crux to all the other 20 odd candidates who failed, the results having been unusually severe and so few as only 2 having become entitled to the M B & C M Degree out of 23 that appeared

5

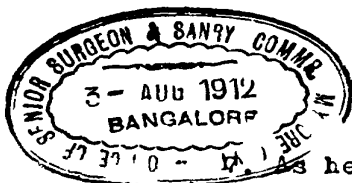

3 As all his 6 years' labour would be in vain unless he became entitled to a Degree, he persevered in his studies and made a 3rd attempt for the final M B & C M examination after another year's regular training in College, but as ill-luck would have it, he failed again, this time in "Surgery", a subject in which he had never failed in previous years

+ 12-10-39

4 During both the 6th year and the 7th, Your Highness' Government were graciously pleased to sanction the continuance of the Scholarship as they were convinced that his case was a hard one deserving of some special concession

5 That the Memorialist being in a fix as to what he should do next, consulted his friends and well-wishers and they advised him to go to England to receive a higher training there specialising himself in some subject for which proper facilities do not exist in this country. As this idea appears to him to be commendable, he is desirous of sailing to England at an early date but in the poor circumstances of his family, it is impossible for him to meet the expenses necessary for such a course. He therefore humbly begs that Your Highness may be graciously pleased to grant him a State Scholarship for the purpose

6 That the Memorialist has, during his career in the Madras Medical College, undergone a special course in "Dental Surgery" and as there is no Specialist in the line in the State, he is prepared to specialise himself in this subject or in any other subject or subjects which the Government may be pleased to order in consultation with the Senior Surgeon and Sanitary Commissioner. He begs to submit for Your Highness' kind perusal copies of certificates for the special courses he has undergone in Madras

— 3 —

6

As he has finished the full course for the Madras M B & C M Degree examination, which does not go unrecognised in British Universities, he is allowed to sit for the L R C P & S examination without undergoing any course there, and after passing this not long after arrival in England, he may proceed to specialise himself in the line chosen, so that the period for which the scholarship is to be granted will only be a couple of years

8 That the Memorialist is the first and only Graduate of the Devanga Community to undergo a training for a Medical Degree and as the community is acknowledged to be very backward, he craves special patronage at the hands of Your Highness so that his advancement might open the eyes of the other members of his community and induce them to improve their condition by getting themselves trained in industrial and general education

9 That the Memorialist will ever in dut, bound remain grateful to Your Highness for all the help bestowed upon him and pray for the long life and prosperity of Your Highness

The Memorialist begs to remain,
Your Highness' most obedient & humble servant,

DSPuttanna

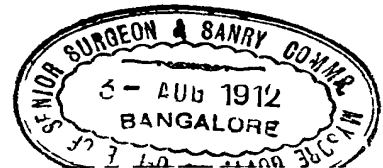

Brother of Mr D Kongadiyanna,
